New Traffic Pattern at Park Avenue and MLK Jr. Avenue.

Salisbury, North Carolina, December 19 - The City of Salisbury Engineering Department alerts drivers to a change in the driving pattern at one of the City's busiest intersections.

The intersection of Park Avenue and North Martin Luther King Jr. Avenue is now an all-way stop. MLK has always been a stop, but the City Council approved a recommendation from the Engineering Department to add a stop for drivers on Park Avenue. Drivers will notice advance warning signs on Park Avenue and temporary warning flags above the stop signs to draw attention to the change.

Media Contact: Vickie Eddleman, Traffic Engineering Coordinator at 704-638-5213 or vtrou@salisburync.gov.
